SUBJECT : Review of the Baseline Imagery Data Flow Document

REFERENCE : Memorandum for CIA Comptroller from Director IRO/ICS
dated 25 March 1981, Same Subject

1. The Intelligence Community Staff (ICS) has requested review and comments from the NFIP program managers concerning the subject document be forwarded to them by 1 June 1980. To permit my staff sufficient time to consolidate all the questions and recommendations and to prepare a consolidated Agency response, your review of the document will be needed in the Office of the Comptroller by 22 May 1981.

2. Since we will be working with a very lengthy document, I would appreciate having all comments keyed to page numbers. The directorate group chiefs in my office are prepared to discuss major problems you might have with this report. You will be provided with a copy of the memorandum sent to ICS.
